As the trailhead signs say on no uncertain terms, "you can die out here"! For large amounts of time you will not have cell phone service OR be checked up on by friendly park rangers equipped to save you from yourself! Conversely, if you are getting tired of the crowds choking the national parks AND you are willing to do a little due diligence and preparation AND you have a proper vehicle, you will be rewarded in a deeply satisfying way! Oh and it wouldn't hurt to check in at the BLM office to check on road conditions before you head out. 0 of 0 people found the following review helpful. Best map I've used for the trails. By Carl C.
