to see and things to do. 1 of 1 people found the following review helpful. Excellent Gift By Larry T. Hoover We purchased the book for fellow grandparents in Michigan. Very pleased. It has a good mix of well known "tourist" sites, but in addition a number of "not so well known" places to take children. Even the better known sites are reviewed well, with good advice for getting the most out of them.

For the grandparent who wants to make a difference in the lives of his or her grandchildren, this book is a must! The authors canvassed the state of Michigan to find the best destinations for sharing, learning and growing. Each entry includes details about the site, suggestions for imparting wisdom, and reasons why every chosen location is ideal for a grandparent-grandchild experience. Grandchildren are always looking for just the right gift to give Grandpa and Grandma; Grandparents Michigan Style is the perfect solution!
