Rainier, when searching for emeralds in the earlier XXth century Colombia. The book was turned into a movie, with some modifications, starring Stewart Granger and Grace Kelly. Both reveal a romantic tale of courage and adventure that appeals to all lovers of this genre. Great book and great movie !.. Bought both !!0 of 0 people found the following review helpful. ExcitingBy Gail S. PrestonThis is a treasure. I don't know how my copy got away from me, but had to replace and re-read. Gives you something to think about when you consider buying an emerald ring or bracelet. Anyway, what a fantastic guy and a fantastic story. Recommended.
