National Geographic Maps - Trails Illustrated : Green Mountain National Forest South [Robert T. Stafford White Rocks National Recreation Area, Manchester] (National Geographic Trails Illustrated Map) before

purchasing it in order to gauge whether or not it would be worth my time, and all praised Green Mountain National Forest South [Robert T. Stafford White Rocks National Recreation Area, Manchester] (National Geographic Trails Illustrated Map):

4 of 4 people found the following review helpful. Go hike the Green Mountains! By Jingle Heimer-Schmidt A friend and I recently hiked into the Lye Brook Wilderness for a few nights of winter camping (deep drifts, sub-zero temperatures) and this map was a phenomenal help. I used it in conjunction with a few other maps from other publications...there isn't a ton of detailed topo maps or guides to the Greens (at least compared to other areas in the northeast), so you can't go wrong with this affordable, water-resistant and reasonably tear-resistant map. Keep in mind that this focuses on the SOUTHERN region of the Green Mountains. As stated in the description, it covers: Coverage Highlights: Big Branch, George Aiken, Glastenbury, Lye Brook Peru Peak Wilderness Areas, Appalachian Trail, Long Trail National Recreation Trail Wilderness Coverage: Big Branch, George Aiken, Glastenbury, Lye Brook, Peru Peak Hike safe! 0 of 0 people found the following review helpful. Excellent resource for Green Mountain Forest By Mtn_Retreat Best map for the AT, Long Trail, and Catamount trails. US Park service members carry these maps and are preferred to their own maps. 0 of 0 people found the following review helpful. it would have been nice to have had mileage given for each trail section By Cindy M. There are some inaccuracies on this in the Lye Brook Wilderness area. Also, it would have been nice to have had mileage given for each trail section, thought I was doing 16 miles... ended up doing 26!

Waterproof Tear-Resistant Topographic Map National Geographic's Trails Illustrated map of Green Mountain National Forest South is the perfect travel companion for outdoor enthusiasts seeking to enjoy the four season recreation experience of the area. Expertly researched and created in cooperation with the U.S. Forest Service and others, the map delivers unparalleled detail of the forest from the city of Rutland to its southern boundary and includes such popular points of interest as Robert T. Stafford White Rocks National Recreation Area; Coolidge State Forest; Big Branch, Lye Brook, Glastenbury, George D. Aiken and Peru Peak Wilderness Areas; Killington, Mount Snow and Stratton Mountain Ski Areas; Harriman and Somerset Reservoirs; and Jamaica and Lake Shaftsbury State Parks. Follow clearly mapped trails, marked for hiking, biking or horseback riding use, as you explore the area. The Appalachian and Long Trails, which merge, are highlighted as is the Catamount Trail. Non-motorized winter use trails are marked as well. To aid in your navigation, the map shows contour lines, elevations, labeled peaks, water features, areas of wooded cover, selected waypoints and color-coded land management boundaries. Recreation features for all season are labeled, including campgrounds, shelters, swimming and fishing areas, downhill and cross-country ski areas, ski jumps and scenic viewpoints. The map also provides background information of the forest and the wilderness areas, regulations, safety tips and contact information. Every Trails Illustrated map is printed on "Backcountry Tough" waterproof, tear-resistant paper. A full UTM grid is printed on the map to aid with GPS navigation. Other features found on this map include: Bennington, Big Branch Wilderness, Dorset Mountain, Glastenbury Wilderness, Glebe Mountain, Green Mountain National Forest, Harriman Reservoir, Hoosac Range, Killington Peak, Lye Brook Wilderness, Markham Mountain, Mount Anthony, Mount Snow, Peru Peak Wilderness, Rutland, Stratton Mountain, Tinmouth Mountain. Map Scale = 1:70,000 Sheet Size = 37.75" x 25.5" Folded Size = 4.25" x 9.25"
