Greg Davenport : Greg Davenport's Advanced Outdoor Navigation: Basics And Beyond before purchasing it in order to gauge whether or not it would be worth my time, and all praised Greg Davenport's Advanced Outdoor Navigation: Basics And Beyond:

2 of 2 people found the following review helpful. good luck trying to navigate yourself out of danger By DP Although the author spends time on subjects that are not directly about navigation, all of them (in my opinion) have an effect on navigational skills. Whether or not you even need to navigate could hinge on if you need to stay put or move to another location. How do you know when to choose which you will do? Navigation doesn't just encompass using a map and compass, but being able to navigate the wilderness and one of the most important aspects of wilderness survival is mindset. If you are delirious, good luck trying to navigate yourself out of danger. I also will say that the 'extra' topics are very well thought out and based on sound survival principles. I applaud the author for adding in all

this extra knowledge. 1 of 1 people found the following review helpful. Very Helpful By Maria Great book to help you take your navigation skills to the next level. Great info on knots, classifying rock and travel in unique environments. 1 of 1 people found the following review helpful. Five Stars By Frank M. Great book in great shape just

This guide takes readers well beyond the basic skills of map and compass, moving readers to a level of complete understanding of navigation in the outdoors--regardless of terrain or time of day, whether traveling over rock or ice, through desert or jungle, on a river or at sea. As one of the most thorough books on the subject, Advanced Outdoor Navigation complements Falcon's successful list of navigation titles by going beyond the basics and offering readers the most comprehensive study of navigational skills ever published. Written by Greg Davenport, considered one of the best global survival experts in the world.

From the Back Cover Advanced Outdoor Navigation takes you well beyond the basic skills of map and compass to a level of complete understanding of navigation in the outdoors. Once you master these skills, you'll never get lost again - regardless of terrain or time of day, whether you're traveling over rock or ice, through desert or jungle, on a river or at sea.
