Obsolete information. The first quarter of the book talks too much about car choices. I never send anything back but if there was a way I would send this book back for a refund.1 of 1 people found the following review helpful. Not the book I was expectingBy F.

DavisI have purchased previous Alaska Highway books for previous trips and without thinking, ordered this 'new' version for a 2018 trip. Unfortunately it is NOT the one I was expecting. This book is very simple, with few/no details, not even real maps and no mileage markers. Sigh/my fault. 1 of 1 people found the following review helpful.
