Sometimes you just need a paper map. The GPS just doesn't give you the full picture. Especially when you need to make multiple stops on a trip. I was looking at houses in a new location and wanted to get the overview of the entire town, and neighborhood. That is the time when you need a local atlas. Hagstom's maps are the most accurate for that purpose.0 of 0 people found the following review helpful. Three StarsBy CustomerThe road is not updated
