**Hagstrom Map Company : Hagstrom New York City Five Borough Atlas, Large Scale Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hagstrom New York City Five Borough Atlas, Large Scale Edition:

You know - when someone folds a page to mark it's place for later. lol...Living in the Bronx, I really knew nothing of Queens streets or neighborhoods. Moving to a new area is a bit confusing. I know the way to go these days is simply using a GPS.However, I am a bit "old school" and still enjoy looking at a a map as well.WOW..... WHAT ARE THE ODDS??/I couldn't find my street I had just moved to in the index section of the book. SERIOUSLY FOLKS.....In order to find my street, I had to look up the avenue 1 block away from me. LMAO!!!!Otherwise.....everything else - except for this fluke - is great.0 of 0 people found the following review helpful. Five StarsBy Jeaneen AndrettaGood Map.
