HungerfordIt's a Hagstrom map book but it seems that the quality of the paper, which is used for the pages, has gone way down. My older Hagstroms have a much better grade of paper, for the map pages. The newer pages are composed of a very soft, absorbent paper.0 of 0 people found the following review helpful. but these are the best if you want print mapsBy Ds C.Now I use GPS for getting about, but these are the best if you want print maps. - Good for Survivalist situations when GPS is not available.1 of 3 people found the following review helpful. Used Hagstrom mapBy Marie ColwellI didn't know it would look so used. However, it's better than spending over \$100 for a new one, which is ridiculous.
