Hammond : Hammond Concise World Atlas 2000 before purchasing it in order to gage whether or not it would be worth my time, and all praised Hammond Concise World Atlas 2000:

Based on the award-winning Hammond World Atlas, the Concise World Atlas delivers the same outstanding features of the flagship volume in a smaller, more economical edition. This atlas features detailed thematic maps and graphs plus world flags and reference guide, inset maps of the world's metropolitan areas, and it offers the same state-of-the-art, up-to-date world maps with the lavish cartography of the parent edition. It also features a comprehensive 70,000 entry master index, world statistics, population figures and time zone maps.
