A must for anyone planning a ski trip to the Alps!By A CustomerMy only regret is that this book is out-of-print; however, if one is planning a ski vacation anywhere in the Alps, this book is priceless. Claire Walter, of Skiing Magazine, lists ski areas for each country as a chapter. Each area is decribed succintly including statistics and trail maps. Each resort is rated from 1 to 10 for snow and skiing conditions,apres-ski, other sports and value for money. The pictures of each resort area make one drool! We have used it 4 times and it works. Pray for a new publication of this guide.
