From Leete'S Island Books : **Hands of Faith: Healers of Brazil (Profiles in Healing series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hands of Faith: Healers of Brazil (Profiles in Healing series):

This volume reveals the lives and traditional healing practices of two dedicated, humble spiritual leaders from BrazilJoao Fernandes de Carvalho and Otavia Pimental. Joao, known for his ability to write medical prescriptions while in a deep state of prayer, has healed thousands of people who have come to his house for treatment. Otavia,

known for her ability to heal with the help of spirit guides, was taught by the spirit of a priest who lived with her family when she was a child. Their profiles are drawn through photographs, an audio CD, and interviews with family members, independent observers, and patients.
