Rainforest Publications : Hawaii Reef Fish #1 Identification Guide (Laminated Single Sheet Field Guide) (Hawaii Field Guides) (v. 1) before purchasing it in order to gauge whether or not it would be worth my time, and all

praised Hawaii Reef Fish #1 Identification Guide (Laminated Single Sheet Field Guide) (Hawaii Field Guides) (v. 1):

0 of 0 people found the following review helpful. Best single sheet guide I've seen. By Michael Lauer As a frequent snorkeler in the islands' shallows, this guide includes most of my friends in an easy-to-read format. Much more helpful than some of the other guides that don't distinguish the many tangs, butterfly fish and others. 0 of 0 people found the following review helpful. ID Guide By Debbie every thorough and easy to take along on your expeditions

Hawaii's smaller reef fish such as tangs, triggerfish, goatfish, and puffers. The perfect reef fish guide for your daypack, beach, or boating bag. Beautiful detailed scientifically accurate full color illustrations of the reef fish you will see while snorkeling in Hawaii. Waterproof, durable with UV resistant inks, 7"x11" (17.85cm x 28cm), the perfect size. Hawaii has so many wonderful and interesting fish that we had to split them into two guides. This guide includes the smaller fish, those that frequent shallower water, or stay closer to the reefs. The other guide includes larger fish like sharks and rays and jacks. The illustrator, Alina Surez, is world renowned for her natural history illustrations and has designed wildlife stamps for Cuba as well as other countries. Each illustration includes the name of the fish in English, Hawaiian, and Latin, in addition to the size. Rainforest Publications' Hawaii Marine Guide Series was developed in conjunction with Sunburst Publications. Our wildlife guides are the perfect companion if you're a naturalist, critter watcher, or adventure traveler.

About the Author Rainforest Publications specializes in the Wildlife and Natural History of the Americas, particularly tropical environments. Our wildlife guides are the perfect companion if you're a naturalist, bird watcher or adventure traveler. Our illustrators live in Costa Rica and are tops in their field of interests. Our scientific staff continually updates the guides so the information is complete and accurate. Our print company is locally owned by its employees. Our guides are printed in the US on recycled paper.
