Beautiful detailed scientifically accurate full color illustrations of Hawaii's sport fish, with billfish, swordfish, tuna or one side and jacks, snappers, and other smaller schooling fish on the other. This is a great reference guide for your fishing trip, or simply if you want to study up so you can recognize your buddy's trophies. Waterproof, durable with UV resistant inks, 7"x11" (17.85cm x 28cm), the perfect size. The illustrator, Alina Surez, is world renowned for her natural history illustrations and has designed wildlife stamps for Cuba as well as other countries. Each illustration includes the name of the fish in English, Hawaiian, and Latin, in addition to the size. Rainforest Publications' Hawaii Marine Guide Series was developed in conjunction with Sunburst Publications. Our wildlife guides are the perfect companion if you're a naturalist, critter watcher, or adventure traveler.
