Dictionary sections are not very extensive but are practical anyway. This is a good little book to just leave around the house (e.g., like in the John) and pick it up every so often (like you-know-when) to add a few new words or phrases to your Hawaiian vocabulary. Depending on your dietary habits and your digestive tract's motility, this book will help you build your Hawaiian skills fairly rapidly.0 of 0 people found the following review helpful.
