Lisa Oppenheimer : Hidden Disneyland and Beyond: Park Itineraries and Five-Star Ride Ratings (Hidden Travel) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hidden Disneyland and Beyond: Park Itineraries and Five-Star Ride Ratings (Hidden Travel):

0 of 0 people found the following review helpful. Five StarsBy Susan D.Learning a lot of cool things I didn't know about Disneyland!9 of 9 people found the following review helpful. Not much here, I recommend Birnbaum's Disneyland instead.By James P. McDonaldThere are some good hints here, but do not be misled by the title. For a complete book on Disneyland and California Adventure, I highly recommend Birnbaum's Disneyland Resort 2003, Expert Advice From The Inside Source. Birnbaum's Disneyland is updated annually and published every year.2 of 2 people found the following review helpful. My Vacation Bible!By A CustomerI first checked this book out from my library because my husband and I wanted to get the most out of our four days at Disneyland with our two young children. This book had all the little details that we needed to know! We followed the suggested game plan and got on the most popular rides with hardly any wait times. And I loved knowing where some little out of the way resting spots are. I think everyone who is planning a vacation to the Anaheim area should read this book. It is filled with fantastic info.

With attendance at an all-time high and families rediscovering the theme-park scene in Southern California, Hidden Disneyland and Beyond shows travelers how to maximize their fun while saving time and money. In addition to the Magic Kingdom, this book explores Sea World, Universal Studios, Legoland, Knott's Berry Farm, Six Flags, the San Diego Zoo, and Wild Animal Park. For each of these destinations, the guide provides a wealth of little-known information and helpful hints that have been scrupulously researched by the author. Opinionated ride reviews, suggested itineraries, and secret strategies for having the most fun for the money combine to make Hidden Disneyland and Beyond a valuable resource for those wanting recommendations that go beyond the theme parks' PR hype. The book also explores the greater Los Angeles and San Diego areas, offering families opportunities to relax outside the sometimes frantic pace of the theme-park venues. Hidden Disneyland and Beyond points the way to Southern California's world-famous beaches, parks, museums, and historical sites, and offers hot tips for family dining, lodging, and shopping.

The Hidden guidebook series hot-peppers its pages with little arrows that point to a multitude of off-the-tourist-track sites.
