The course of Richmond's history as it emerged from the Civil War as a bustling economic powerhouse is well

recorded. Yet there are some stories that have all but vanished from recollection. These lesser-known tales of the personalities who shaped the capital's past are unearthed from the archives by Richmond Guide writer Walter S. Griggs Jr. From the hushed whispers of an entire congregation as Robert E. Lee prayed with a slave at communion to the donation of over two hundred pigeons by fellow Richmonders to serve the war effort, these are lost vignettes of Richmond. Travel with Griggs to the bygone days of the twentieth century to test-drive the first successful automobile manufactured in Richmond, the Kline Kar, or witness the first airplane to fly over Richmond, the Gold Bug soaring over the Diamond. *Hidden History of Richmond* is a fascinating collection that reveals the city's forgotten but most remarkable histories.
