Maria Lenhart : Hidden Oregon: Including Portland, the Coast, Cascades, and Columbia River Gorge (Hidden Travel) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hidden

Oregon: Including Portland, the Coast, Cascades, and Columbia River Gorge (Hidden Travel):

Where Vacations Meet Adventures! First, "Hidden Oregon" reviews the destination's famed attractions. Then (more importantly!) it invites the reader to go further to Hidden spots other guides overlook, including small inns and local restaurants. The guide also focuses on outdoor adventures with detailed information on beaches, parks and outdoor activities. Special traveler-friendly features include hidden spots, author's favorite picks, getaway itineraries, driving and walking tours, websites and e-mail addresses, and multiple scaled maps that zoom in on each area. "Hidden Oregon" leads to convivial breweries in Portland, rustic lodges in the Cascades and clamming along coastal tidal flats. The author offers recommendations and opinionated reviews for over 140 restaurants and over 150 hotels. This updated edition includes 22 maps."
