APA Editors : Hide This French Phrase Book (Hide This Phrase Book) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hide This French Phrase Book (Hide This Phrase Book):

0 of 0 people found the following review helpful. The French Student likes it By William D. Ponder We have a high school French exchange student. She wanted this book who plans to send it back home, she thinks the book is funny. Personally I don't get the joke. 3 of 4 people found the following review helpful. Barely enough to get you by... By Emily Kavanagh I bought this book because we recently moved to Monaco and I wanted something I could fit in my purse that would help me with common questions/phrases. The reviews I read convinced me that this would be it.

Well, it is barely enough to get by...most of the phrases are open-ended with a number of fill-in-the-blank options, but the options are very limited. Maybe 5-7 variations per phrase. The book is divided into sections by topic: the basics, getting around, money, hotel, food, drinks, havin' fun, sports gambling, makin' friends, shopping, and tech talk. So, it does cover a number of situations. There is a "disclaimer," so to speak, at the beginning of the book that would've cautioned me that this was not the product for me had I read it before purchasing the book. Outside of the phrases given, there are no helpful tips as to how to say common verbs in french and their conjugations. Also, the dictionaries in the back are very abbreviated and many of the words I wanted to look up were not there. All in all, this product is more for young adults who are in France for a brief period looking to party and hook up. I have switched to using McGraw Hill's "Just Enough French, 2nd ed.," which has all the phrases and then some, along with verbs and their conjugations, numbers, public notices, abbreviations, time, days, months, dates, season years, holidays, countries and nationalities, conversion tables, clothing sizes, etc. I will probably end up giving this book to my 18 yr old niece for when she visits. 1 of 1 people found the following review helpful. trs utileBy woodchuckUnlike other French books this one felt more modern and relevant. It helped me navigate Paris on a solo trip and I've loaned it to several friends.

Travelers will be able to speak French like locals by using the easy-to-read pronunciation. Hide This Phrase Book includes conversation starters, ATM and bank info, hostel expressions, fun entertainment options, making friends with the locals and more. Also included is a two-way dictionary, featuring slang terminology.
