**Forest Leighty : Hiking/backpacking in the Venezuelan Andes** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hiking/backpacking in the Venezuelan Andes:

1 of 1 people found the following review helpful. No other book comes closeBy daniel thomasMy wife and I rented a car and used Merida as our base to travel and hike from. It took us places we would have missed and those places are a part of us we will never forget. The author does more than give travel advise. It educates the reader. Get it if you are going!
