**Richard Delacy : Hindi Flash Cards Kit: Learn 1,500 basic Hindi words and phrases quickly and easily! (Audio CD Included)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hindi Flash Cards Kit: Learn 1,500 basic Hindi words and phrases quickly and easily! (Audio CD Included):

1 of 1 people found the following review helpful. I like it to get my 6 yr old to a ...By Mamta Rade I like it to get my 6 yr old to a good start. She finds these cards interesting and is eager to learn the meaning to each word! They are still off with meaning on some words because it's hard to translate colloquial hindi with the exact English sentence, but it's

ok. It's not a problem since I speak fluently. They've only given 4 alternate ways to say /use the words, when many more combinations are possible. Since few hindi learning books are available in the US, this is great even though its geared towards adults. Of course I'm not a hindi professor or a hindi newsreader so its fun getting back to the basics. I try to make it fun for my daughter by reading her hindi children stories daily so she understands the thought and text formation intuitively. These flash help only if there is a fluent hindi speaker/reader helping the student. I bought the other hindi books by this author as well. 3 of 3 people found the following review helpful. Good golly! Love! By Sarah Jean So far I am absolutely in love with these cards. This set has been, by far, the most effective tool for learning Hindi because each thing learned comes with a context. (also, portable, affordable) They are organized logically, they are clearly written, designed and printed (not always the case with hindi texts), the continuity and they are convenient, and really interlock language into more than a word list or grammar. Its probably not something that you could learn the official language grammar rules from, since it will be helpful to know what they are doing with the way the sentence gender and tense changes the word endings... But once you have a clue -- at least enough to know to watch for it, this tool has a very helpful methodology! UPDATE: One thing stands out -- There are some small mistakes in the cards. Sometimes it asks a question, but the sentence is not in a question form... Its not life changing, and all the books have mistakes so its normal and we've had fun learning with native Hindi speakers and helping them improve their English by using these cards. (Example: practice reading the question/sentence in Hindi, then asking them to give the question/sentence in English ) I've had success helping native speakers increase thier English, while making sure the pronunciation is more accurate. And like other reviewers have noted, it is important to get the proper sound of the word (remember where your tongue is in your mouth, and whether or not there is aspiration of voiced qualities!) and learning Devanagri is really useful. Then the romanizations wont fool you (all those romanizations are different than how we personally might write them, and most texts use different ways to communicate the subtle differences between Hindi's 4'd sounds. I believe this set uses a more linguistic pronouciation model and not a phonetic model. I have found it best to cover up the roman with my finger and remove it only to check! I will also have the second set when it comes out! 0 of 0 people found the following review helpful. Very good product By ASCMEI really like these cards. They are filled with useful "extended" vocab and grammar that builds on the base word. I'm a beginner with the language and found it useful. However, I do get somewhat bored simply going through card after card, and it's difficult to carry them all with only one ring to hold so many cards.

Hindi is the national language of India, one of the worlds largest and fastest growing countries! Flash cards are an excellent language learning tool. This comprehensive set of flash cards is designed for students, travelers and anyone who wants to learn Hindi. This is one of the best ways to learn to read and recognize Hindi words, learn new vocabulary and review and reinforce what you know already. The Hindi Flash Cards Kit has a full range of features designed to help beginning and intermediate learners. Key Features of Hindi Flash Cards Kit include: Contains 300 flash cards featuring the most common Hindi words and phrases. Each card has one main vocabulary item plus four other related items. Frequently-used idioms are also given. This set of cards contains over 1,500 words and phrases! Sample Hindi sentences are provided for each main word (in both Hindi script and romanized form) showing you how it is used, with English translations. A handy organizer ring allows you to create smaller sets of cards you can carry around easily in your pocket or purse, to look at when you have spare time. A study guide is included explaining how to use the cards for effective language learning. A free audio CD with native speaker pronunciations

About the Author Richard Delacy has taught at several universities in Australia and the U.S. and currently teaches Hindi/Urdu at Harvard University. He completed a BA with Honors at the University of Melbourne in History and an MA in History from Monash University, with a focus on modern South Asian history and twentieth century Hindi/Urdu language and its literature. He studied Hindi formally for three years as a part of his BA and then spent a year in Delhi studying Hindi language and literature at the Kendriya Hindi Sansthan (Central Hindi Institute). He also taught Hindi at two universities in Melbourne for nearly six years before embarking on further studies in South Asian Languages and Literatures at the University of Chicago. He is the author of Teach Yourself Beginner's Urdu Script (McGraw-Hill) and Hindi in a Flash (Tuttle) and coauthor of the Hindi, Urdu Bengali Lonely Planet Phrasebook. He travels back to India as frequently as he can and has many close friends there.
