Herbert Ypma : Hip Hotels UK before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hip Hotels UK:

0 of 0 people found the following review helpful. Stunning as usual! By Cathy Cowell Herbert Ypma has done it again with Hip Hotels UK. He travels the world finding unique places in memorable destinations. All of the stunning places we have selected from Hip Hotels and stayed in, we have loved for the culture, people, architecture, landscapes or food. Quite often we have chosen an area because of an amazing hotel detailed in his books. All his featured hotels combine fabulous design in beautiful locations and as an interior designer I have used his books as a resource for many years. Ypma offers a unique perspective on exciting places you want to escape to. My bags are packed again - this time for Scotland!

The newest addition to the Hip Hotels travel phenomenon, featuring 31 distinctive, serene, and exquisite locations in Great Britain. Having traveled the length and breadth of Great Britain in search of the ultimate rural retreat, Herbert Ypma has identified a collection of perfect country hideaways. Whether you want to immerse yourself in the famously

lush and beautiful English countryside, take advantage of the fusion menus and coziness of "gastro pubs" tucked into picturesque locations, or hide away in one of the magnificent historic estates built by the British aristocracy, this book invites you to make the most of your stay. All of these UK hotels represent that unique combination of authenticity and panache that defines a true Hip Hotel in their celebration of contemporary luxury as well as the comforts of traditional British hospitality, quirkiness, and local excellence. Taking a fresh look beyond the big cities, from deepest Devon to the rugged wilderness of the Scottish Highlands, Hip Hotels UK is the ultimate celebration of British style: distinctly understated and imbued with a deep sense of the past. 335 illustrations, 300 in color.

About the Author Writer and photographer Herbert Ypma grew up on three continents and has remained a global nomad ever since. He traveled almost 4,000 miles around the British Isles in pursuit of these ideal getaway destinations.
