From Macmillan : Historical Atlas of the Religions of the World before purchasing it in order to gage whether or not it would be worth my time, and all praised Historical Atlas of the Religions of the World:

1 of 1 people found the following review helpful. It's a bit dated and drabBy ErikI didn't realize how old it was. Also I've seen other similar books that employed better use of maps and color.3 of 3 people found the following review helpful. Factual but boring without drama or inspirationBy Meow TomcatThis atlas is in name only. The better maps are the distribution of Catholic and Christians during the Reformation and a map of the Buddhist World from the 1st to the 9th Century. Most maps are simplistic and hardly worthwhile.The text resembles encyclopedia articles, factual but boring. The religions are Christianity, Islam, Hinduism, Buddhism and Judaism-- as well as lost ancient religions (including ancient Greece and Rome), shamanism, Amerindian religions, traditional African religions, Shinto, Jainism, Sikhism, Zoroastrianism and others. These minor religions might be the main value of this book.Most of the 14 authors are academics with a "world reputation". The appendix has a useful 23 page chronology of important events under each religion. With subject index and proper names index.0 of 2 people found the following review helpful. InformationBy Xhodi HysaI want to have the information in my mail adress, when this bokk will be aviabile to buy it.

Historical Atlas of the Religions of the World [Jun 01, 1975] Sopher, David E. and Al Faruqi, Isma'il R.
