I Absolutely Love This Book!!!By becky simmonsI am in the process of filling this out for my 50th anniversary trip, as well a girl trip and a sister trip....love how it helps you organize what you are going to do each day as well as how many miles you will have to drive...I added my

confirmation numbers, the names and addresses and phone numbers of each place...I am not an organized person normally, but this should help !3 of 3 people found the following review helpful. Fantastic for planning.By CustomerExcellent trip planner and diary. The only one I've seen like this. I bought it primarily for the planner as I dont want to constantly be online to access all my notes with web or app planners. There are sections that cover all the planning details you could need. Its a good size and will be easy to pack and travel with me.1 of 1 people found the following review helpful.
