Excellent travel book By GoldenGuy22 The book has lots of pictures, maps, insights, comments, but contains so much more. It covers the entire country, too. It includes much more than just a travel book: Cultural aspects, opinions about most anything, history and politics. It's a fun read, and an excellent

introduction to the Turks and Turkey. Highly recommended. Possibly the only book you'll need to plan and prepare for a trip.0 of 0 people found the following review helpful.
