This volume brings together two delightful booksMap of Another Town and A Considerable Townby one of our most beloved food and travel writers. In her inimitable style, here M.F.K. Fisher tells the storiesand reveals the secretsof two quintessential French cities. Map of Another Town, Fishers memoir of the French provincial capital of Aix-en-Provence is, as the author tells us, my picture, my map, of a place and therefore of myself, and a vibrant and perceptive profile of the kinship between a person and a place. Then, in A Considerable Town, she scans the centuries to reveal the ancient sources that clarify the Marseille of today and the indestructible nature of its people, and in so doing weaves a delightful journey filtered through the senses of a profound writer.
