0 of 0 people found the following review helpful. Low Price is a hint - it's not a good map.By Tony ManziThis is really TINY. It's several maps each around 5x6 inches. The first map, the one of Abu Dhabi, has a scale of 1 to 1,600,000 NOT the 1 to 550,000 shown on the cover.

This inventive map covers the entire UAE in a handy, easy-to-use format, listing all the major roads and highways, key landmarks as well as mountains and wadis. This is the most practical UAE map available, covering the UAE in

detail. Scale: 1:550,000.
