Ultimate German Advanced By Crystal L Marshall Ultimate German Advanced is wunderbar, I lived in Germany 4 years, after free beginners course offered, moved on to I, II, III . How lucky was I to have the same professor. Disregarded studying for 10 yrs. When I become an empty nester, it became a hobby, not studying. Studied your material from local library, kept renewing, finally tried another book that was

suppose to be a higher level. It had the cute color pictures. GUESS WHAT? for it to be higher level; I began towards the end of book. This material will hold me a long time. When I ever finish this course, I see you have higher level. Hopefully the words can roll off my tongue faster. Thank You, Great Teachers, like your style. Lastly, when it's all said and done, Baaaby, you got it !0 of 0 people found the following review helpful. Five StarsBy CustomerThis is a great language course for advanced learners.5 of 5 people found the following review helpful. Very advanced, but usefulBy BatUltimate German, Advanced, is an old package, cassettes you know!, but decided to go for it due to price. It was in great shape, the book and cassettes both. There are many dialogues on practical subjects, performed by native speakers of course, and read very fast for the most part, so it should be great for comprehension at conversational speed. However, it would be helpful to have it done once at a slower speed so as to be sure of correct pronunciation.

A really great package for those who do not have the time to sit in a classroom, or the money to spend on two years in a foreign country.Juergen Kempff, Ph.D., Curriculum Director, University of California-Irvine Authenticenlightening and usefulI like the fact that the business section was closely related to the dialoguemakes the learning process more fun and realistic.Marisa Castro Cid, World Trade Institute Language CenterLanguage NotesText: English, GermanFrom the Inside FlapAvailable October 2003
