my 2nd semester now. I bought Ultimate German to supplement my college textbook. I agree with some of the other reviewers that the material is very 'bland'; however, for the money, it probably provides the best value. It comes with a set of CD's to use with the book, and another set that you can use w/o the book (ie. in your car). The material in the book, while no frills, appears to be accurate and gets straight to the point. The cultural notes are a nice, but the book could use some color and pictures. I've looked through several other 'inexpensive' german course, and I believe this one to be the best for the money. Sure there are probably better courses out there, but they are very expensive. The college textbook I am using is very good (its called "wie geht's", but the book alone was \$107, and it only comes with a single CD. I would recommend Ultimate German to anyone who wants to learn German. I would recommend picking up some other reading, as you might get bored with only this course. 0 of 0 people found the following review helpful. Good for describing and connecting your thoughts in German. By Beatriz F. With a book and total 8 CDs, (4 to study at home and 4 to listen to on the go), you will learn how versatile the German language is. This learning resource makes you understand parts of speech that will get you ahead in using spoken and written German.

Learn German with the most comprehensive, up-to-date text available! Developed by the experts at Living Language, this book offers a highly effective combination of conversational German with grammar and culture. It covers the equivalent of two years of college-level study. Content Include: 40 lessons with lively, authentic dialogues including the most common and useful expressions for everyday conversation. English translations and explanations of German grammar and usage, pronunciation, vocabulary, and cultural notes. Quizzes and review sections to check your progress. A complete summary of German grammar, and verb charts covering all major tenses. A section on letter writing for business or social occasions. Revised and updated with additional exercises, the latest in computers, the Internet, euros, and more! While this book stands on its own as a complete course and an invaluable reference, you'll find that it's even more effective when used with the recorded lessons. Living Language Ultimate German cassette and compact-disc packages include this manual, along with the recordings.
