Salvatore Bancheri, Michael Lettieri, Maria Iocco, Lucy Di Rosa : Ultimate Italian: Advanced (LL(R) Ultimate Advanced Course) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ultimate Italian: Advanced (LL(R) Ultimate Advanced Course):

I set aside time each night to study and go through the drills, then I replayed it in my car during the commute. By the time I got to Italy, I was an impressive specimen. Some friends who had lived in Italy told me before I went that the Italians would bend over backwards and fall all over any visitor who at least tried to speak their language, so I was expecting all kinds of praise and admiration. I was disappointed that they didn't, so I finally convinced myself that they just must have thought I was a native speaker. Either that, or Italy became less friendly since my friends lived there. 6 of 6 people found the following review helpful. Bravissimo By Robert DI am very pleased with the quality of this product. I studied Italian for four years in college, but haven't really had the chance to

use much of it in the 20 years since. I was planning a trip to Italy and wanted a refresher course, and this was just what the doctor ordered. The dialogues are relevant, entertaining, and realistic. The grammar is--well it's grammar, what can I say? A very good choice for someone with a good yet rusty background in Italian. 1 of 1 people found the following review helpful. CDs could be better. By VespaGirl The written dialogs and exercises in the book are terrific. They are the only good advanced-level exercises that I have found. But I have to echo what others say about the CDs/tapes. I used to live in Italy and can speak my far-from-perfect Italian pretty quickly, but about 25% of the time, the practice phrases on the CD, as spoken by the native Italian speakers, last longer than the amount of time that they give you to repeat the phrase. In other words, a native Italian speaker probably couldn't rattle it off so quickly. This is really annoying in the car. But they do give you enough time for the majority of the phrases, so I guess the CDs are of some assistance.
