Lourdes Filoco, Christopher O Medellin : Ultimate Portuguese: Basic-Intermediate (Living Language) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ultimate Portuguese: Basic-Intermediate (Living Language):

Developed by the experts at Living Language, this book offers a highly effective combination of conversational

Brazilian and European Portuguese with grammar and culture. It covers the equivalent of two years of college-level study. 40 lessons, each with a lively, authentic Brazilian or European Portuguese dialogue that includes the most common and useful expressions for everyday conversation. English translations and explanations of Portuguese grammar and usage, pronunciation, vocabulary, and cultural notes. Quizzes and review sections to check your progress. A complete summary of Portuguese grammar, and verb charts covering all major tenses. A section on letter writing for business or social occasions. An extensive two-way glossary. While this book stands on its own as a complete course and an invaluable reference, you'll find that using it with the recorded lessons is even more effective. Along with the recordings, Living Language Ultimate Portuguese cassette packages include this manual.
