**Doug Lansky, Lonely Planet : Ultimate Signspotting: Absurd Amusing Signs from Around the World (Lonely Planet)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ultimate Signspotting: Absurd Amusing Signs from Around the World (Lonely Planet):

0 of 0 people found the following review helpful. Still funny. Would buy another By Customer This is the 5th or sixth book under this series that I ordered. You might think the material would get thin but it's not. Still funny. Would buy another. 0 of 0 people found the following review helpful. Signspotting "best of" By jp If you are only going to be one signspotting book, it should be this one. We own all of them. This one includes some repeats of the other books-- which I suppose should make me give it fewer stars. But it's also a great gift if you really can't think of what to get someone. (your brother? mother in law? Friend who really doesn't need anything? Office gift exchange?) The price is right, and it's a good conversation starter. It's kind of a "best of" and I think it has some new ones too. 0 of 0 people found the following review helpful. Best for Signspotting Newbies By Catatac If you've collected the previous books skip this one - it's a "greatest hits" rehash of old material. I didn't read the description closely enough I think...

Lonely Planet's original Signspotting books garnered phenomenal worldwide sales of over 300,000 copies. And now the world of gaffes and miscommunications is back with Ultimate Signspotting, a round-up of the world's most perplexing signs and garbled messages. Over 100 of the most hilarious photographs have been selected, and are now given accompanying illustrations. Getting lost in translation has never been more fun.
