Living Language : Ultimate Spanish Advanced before purchasing it in order to gage whether or not it would be worth my time, and all praised Ultimate Spanish Advanced:

I'll save them for when I get better at Spanish but I'll have to sit next to my old boom box. I hoped to use these in my car, but then I had to replace the car and new one has no cassette player. Not quite the ultimate, but very goodBy BrianLI read, write and speak Spanish reasonably well, but like many individuals whose first language is English, I have my moments trying to follow

Spanish spoken to me. This set has really been helpful in "tuning" my ear to listen to the spoken word as I prepare for another trip to Mexico. It is also a pretty decent review of Spanish grammar and vocabulary. Because I am perhaps more visual, I find the written materials to be a great help for my learning -- I really have not been successful with just oral materials. I actually purchased this after using a Living Language beginning French set and found it very helpful in beginning to recapture the French I studied 30 years ago in high school and then 20 years ago in a night course. 0 of 0 people found the following review helpful. So far so good--helpful tips on grammar, idioms, ...By Ewina Fung So far so good--helpful tips on grammar, idioms, and common word usages. Quizzes at the end of each chapter help drive home each lesson. I wish there were more listening comprehension as so far the lessons consist of an audio playback of a dialogue. One tends to read along, so reading comprehension is practiced but audio/ listening comprehension is not.

With this enjoyable and effective textbook developed by the experts at Living Language, you'll increase your fluency, add depth to your vocabulary, and perfect your grammar. You'll also get plenty of practice with exercises both in this book and online. In this book you'll find: 20 lessons with lively dialogues that take you everywhere from ancient ruins to an interview with a bank president to a soccer match Advanced grammar and usage, with extensive notes on pronunciation and vocabulary Culture notes filled with facts and intriguing details Business vocabulary, etiquette, and facts in every lesson Quizzes and review sections to check your progress Complete summary of Spanish grammar, and verb charts covering all major tenses Letter writing for business and social occasions An extensive two-way glossary While this book stands on its own as a complete course and an invaluable reference, you'll find that it's even more effective as part of an audio CD package.

A really great package for those who do not have the time to sit in a classroom, or the money to spend on two years in a foreign country. Juergen Kempff, Ph.D., Curriculum Director, University of California-Irvine Authentic enlightening and useful I like the fact that the business section was closely related to the dialogue makes the learning process more fun and realistic.
