Hedberg Maps : University of Michigan Ann Arbor Streets (Professor Pathfinder's Campus Maps) before purchasing it in order to gauge whether or not it would be worth my time, and all praised University of Michigan Ann

Arbor Streets (Professor Pathfinder's Campus Maps):

0 of 0 people found the following review helpful. Good MapBy Diane L. JohnsonIn the age of Google maps and GPS, it's surprisingly difficult to find a good paper map any more. I got this to help learn my new city and found it to be sufficiently detailed and (helpfully) with print large enough to be easily readable. Although the map concentrated on Ann Arbor, it does provide some information on the nearby town of Ypsilanti, which is helpful.3 of 4 people found the following review helpful. Perfect way to get to know Ann ArborBy Lucy JackI don't often rave about maps (in fact, I never rave about maps), but this is one I've grown to love. It's a perfect size and scale and was incredibly easy to read, even as I drove along new streets in my new city. Particularly useful was that large grocery and retail stores are marked on the map. This made it easy to figure out the closest Target, Best Buy, or grocery store from my new apartment, and the stores ended up serving as landmarks as well as new places to shop. Also, when you're on the phone, trying to locate a smaller store, they can say, "We're located across the street from the Whole Foods Market," or "We're at the north end of the such-and-such mall," and you know just how to find them. The map even shows you what block you're on -- helpful when searching for a specific address. I'm one of those people who gets lost going around the block, but this map got me where I had to go every time.Also included is a very detailed and clear map of campus.I bought two maps of Ann Arbor but never used the second one. This map did it all. Highly recommended.0 of 0 people found the following review helpful. Five StarsBy GusBought it for son to use at school in A2. He swears by it.

An amazingly detailed map of downtown and the campus, with insets of key shopping areas, is backed up with a large-scale, readable, thoroughly field-checked street map, and an Ann Arbor-Ypsilanti regional map. Completely indexed.
