**Sheridan Becker, Kim Barrington Narisetti , Erzs Dek : Urban Crayon Paris: The City Guide for Parents with Children** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Urban Crayon Paris: The City Guide for Parents with Children:

3 of 3 people found the following review helpful. Badly organizedBy moslyThis book is not organized in any logical manner. There is a section of activities and attractions for girls, some for boys, and some for both genders. This made absolutely no sense to me. I much preferred Cadogan's Take the Kids guide to Paris, which was much more detailed and thorough, and organized by geographic area of the city instead. That is a guidebook you can take with you on a trip; not this one.3 of 3 people found the following review helpful. Didn't like itBy dclmarleyHated the way it was organized, and couldn't quickly reference things. Not helpful. Ended up tossing it.0 of 0 people found the following review helpful. Narrow down too many choicesBy Joni SenselHaving only been to Paris once and overwhelmed then, I can't imagine trying to visit with young travelers without a guide like this to help make decisions, find less obvious fun, and ensure a good time for the whole family, not just the adults -- or just the kids, either. Sensible criteria helps parents identify what might be best for keeping their horde busy and entertained without running into unexpected complications.

Family-friendly and budget conscious, this city guide reveals how to have fun with young children in France's famed capital city. Conveniently organized in 12 sections, this sourcebook features fun things to do outdoors; activities geared for boys, girls, and the whole family; the locales of the best free playgrounds; the most kid-friendly sightseeing; hip inns that offer real value for the money; and great places to eat. A handy tips section provides a range of helpful tidbits such as embassy locations, seasonal temperature ranges, key phone numbers, listings of babysitting services, museum and store hours, which electrical adapters to use, and a conversion chart for childrens clothing sizes.

About the AuthorSheridan Becker is the coauthor of Savvy in the City: New York City and Savvy in the City: San Francisco and a contributor to The Wall Street Journal Europes Style Journal and Child magazine. She lives in Brussels, Belgium. Kim Barrington Narisetti is a former managing editor for The Source magazine, an assistant managing editor for Advertising Age, and a copy and layout editor for The Wall Street Journal. She is also a former adjunct professor at the Columbia University Graduate School of Journalism. She lives in New Delhi, India. Erzs Dek is a freelance journalist and is on the board of advisors of the Society of Childrens Book Writers and Illustrators. She lives in Paris.
