**Khawaja M. Zakariya : Urdu for Beginners** before purchasing it in order to gage whether or not it would be worth my time, and all praised Urdu for Beginners:

0 of 0 people found the following review helpful. Seemed ok!By tallchic1975Never read it much!!4 of 4 people found the following review helpful. An academic tutorialBy Suzanne TractenbergI was disappointed in that I was expecting an elementary book that would have translated conversational sentences that might be useful in a travel situation. But it was much more in depth and too far over my head to be of use. I should have researched it better. It's more of an

academic book than conversational. 3 of 3 people found the following review helpful. good introduction  
By J. R. Goldberg  
I was looking for a basic introduction to Urdu, including the script, so that I could initiate a study of some of the classic poets. I believe this text does just what I am looking for. In order to study the poets I'll need additional resource material, of course, but this text will set me on the right path.

This is an excellent book for beginners to learn the Urdu language.
