John Pitt : USA by Rail Plus Canada, 8th Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised USA by Rail Plus Canada, 8th Edition:

Trains have had a strong hold on the popular imagination, inspiring countless stories, songs, scandals, films, and legends. Their rugged charm sets them apart from more mundane means of transport and their low environmental impact is of particular current interest. Pampered by helpful attendants, you can travel from coast to coast, explore the Rocky Mountains and ride directly alongside two oceans. Author John Pitt, describes more than 37 routes crisscrossing the USA and shows how to make the most of your rail pass. Maps, sightseeing and accommodation tips make this guide essential reading for all rail travelers.
