**From Hallwag : USA Great Lakes (Road Guide)** before purchasing it in order to gage whether or not it would be worth my time, and all praised USA Great Lakes (Road Guide):

0 of 0 people found the following review helpful. Water WishBy VA DuckPlanning a road-trip around the Great Lakes - this map was purchased for a winter of planning and "Post-Its" annotations. It is what I had in mind at purchase - but it is a little disappointing that the Canadian side seems to be so little detailed. The size is good and large (~3'x4') and the scale (1:1000,000) gives the detail required for planning. Once planned the GPS will get the locations loaded, so the map's size (and cumbersomeness?) will not be an issue.1 of 1 people found the following review helpful. Big map - not enough detailBy Mrs J ZumbergeFor a map that spans only the Great Lakes and accompanying roads, there were lots of small towns we drove through - in the Upper Peninsula of Michigan, Wisconsin and Minnesota - that just weren't on the map.The one thing I was glad about is that there even IS such a thing as a Great Lakes Road Map. Thanks at least for that.
