Cliff B., Ph.D. Craig, M. Elijah Carr : Utah Atlas before purchasing it in order to gage whether or not it would be worth my time, and all praised Utah Atlas:

0 of 0 people found the following review helpful. Four StarsBy BABSNice 40 page detailed book that was needed for a college course.0 of 0 people found the following review helpful. Very generalized information. I thought it was going to ...By Abby F.Very generalized information. I thought it was going to be more in depth and have more maps. It's about as thick as a calendar so not much to it. The historical maps it does have are fairly interesting though.0 of 0 people found the following review helpful. Five StarsBy CustomerEverything was great!

Compiled by two researchers at Utah University, the Utah Atlas is a 38-page collection of historic and contemporary maps illustrating Utah's diverse landforms and regions. Recreation areas, wildlife ranges, climate changes, trapper routes, early military expeditions and settlements, and mining areas are also included. A 20% discount will be applied

to any order of 25 or more. Please call 800-748-5439 ext 175 for more information.
