National Geographic Maps : Utah (National Geographic: Guide Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised Utah (National Geographic: Guide Map):

2 of 2 people found the following review helpful. When Google Maps fails because your GPS signal is weakBy GregThis is a large, very good map with a lot of detail, and made from much higher quality paper than your average gas station map. A lot of Utah canyon country is still pretty remote, and I wouldn't trust Google Maps on my iPhone alone. Don't leave home without it.1 of 1 people found the following review helpful. Nice map but...By K. LenardIt's so tiny that it's hard to read. The shiny surface doesn't help.1 of 1 people found the following review helpful. Very helpful while driving in Utah for a road trip ...By Louis P.Very helpful while driving in Utah for a road trip to the South of the state. Roads are not too complicated, but you might miss some side activities.

Waterproof Tear-Resistant Travel MapThe front side is an easy-to-read road map with insets of: - Ogden - Logan The back includes: - Map and information for Salt Lake City - Information for Bryce Canyon, Arches, and Zion National Parks - Points of interest - Scenic drive - Park Service sites in UtahFolded Size = 4 x 8.75Sheet Size = 17.75 x 24.75

About the AuthorFounded in 1915 as the Cartographic Group, the first division of the National Geographic Society, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking.Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world. All proceeds from the sale of National Geographic maps go to support the Society's non-profit mission to increase global understanding and promote conservation of our planet through exploration, research, and education.
