**Nicholas Awde, William Dirks : Uzbek-English/English-Uzbek Dictionary and Phrasebook: Romanized (Hippocrene Dictionary Phrasebooks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Uzbek-English/English-Uzbek Dictionary and Phrasebook: Romanized (Hippocrene Dictionary Phrasebooks):

The "OW" sounds are spelled with v's. This may work better for Germanic-language speakers, but for English speakers it is a bit misleading. The "ong" sound is spelled "eng" also. These are just the few I caught from browsing the book; there may be more. Just be aware that sounds are spelled not exactly as they sound. You would need a tape or native speaker to compare the spelling with. I can use this book mostly because I have already studied Uzbek and know what to expect. I thought the content was quite useful. 0 of 0 people found the following review helpful. Good sourceBy HunyadiGood source for someone studying or self-study of the Uzbek language. Standard layout of Nicholas Awde so its a good source of information. 0 of 0 people found the following review helpful. Five StarsBy sawbonesCan't wait until I can use it on the ground.
