Dominic Hamilton : Venezuela (Guas del buen viajero) before purchasing it in order to gage whether or not it would be worth my time, and all praised Venezuela (Guas del buen viajero):

Whether dreaming from an armchair or booking a flight, the sophisticated traveler will find the information necessary to see and experience each destination in these travel guides. Perfect for the planning stages of a vacation, they include

expert advice from insiders about hotels, restaurants, and transportation tips, and lavish color photography highlights places of interest. With information about entertainment and day adventures, the books in this series make great on-the-road companions.
