**Insight Guides, Discovery Channel : Venezuela (Insight Guide Venezuela)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Venezuela (Insight Guide Venezuela):

13 of 14 people found the following review helpful. Insight Guides- Venezuela - 3rdBy CarlosAs an American married to a Venezuelan and living in Venezuela I also whole heartedly recommend this book since it is extremely up to date. I have been using books of this sort to travel the world for some time now and take most of their information with a grain of salt. They may or may not be accurate. That's not the case with this one. You can just about count on things to be as described or very, very close. At this point in time, it's as close to perfect as guidebooks get.4 of 5

people found the following review helpful. Very complete and accurate  
By Marcelo A. Soto Quiroga  
As a stranger who settled in Venezuela some months ago for labour, I chose this book in order to know more about my new home country. I must confess it surprised me in how accurate each and every place of the country is described. Even the traditional little bullring four blocks from my flat is depicted with pretty detail and a touch of history. As I'm becoming more familiar with tourist places -particularly beaches and coasts- I found myself as if I were there already.

One of over 400 titles in the Insight series, Insight Guide Venezuela. This 372-page book includes a section detailing Venezuela's history, 7 features covering the country's life and culture, ranging from its jungle plateaux to its devil dancers, a region by region visitor's guide to the sights, and a comprehensive Travel Tips section packed with essential contact addresses and numbers. Plus many remarkable photographs and 19 maps.
