**W. G. Blackie : Venezuela, United States of Columbia (or New Granada), and Ecuador - single original antique chromolithographed map from "The Comprehensive Atlas and Geography of the World** before purchasing it in order to gage whether or not it would be worth my time, and all praised Venezuela, United States of Columbia (or New Granada), and Ecuador - single original antique chromolithographed map from "The Comprehensive Atlas and Geography of the World:

This is a single original color lithographed map from "The Comprehensive Atlas and Geography of the World" by W. G. Blackie (1886). Blackie's atlas maps are very collectible, and the large folio size makes them well suited to display. Printed single sided and with nice margins, the maps from this book are very handsome, interesting, and perfect for framing Please be aware that the image shown on this product page may not be the exact copy that you are purchasing from any given seller. While the map/print/plate will be the same subject and edition shown, the condition will vary between specific items offered by individual sellers. Please be sure to check the seller condition notes and image for

the specific copy you are purchasing.
