Harnsberger This as a fun small book which covers a lot of the sites of Washington and the watercolor illustrations make it a special treat. 0 of 0 people found the following review helpful. I love the illustrations in the book By Kindle Customer I bought three books for my daughter for our trip to DC. I love the illustrations in the book, but out of the 3,

this was definitely my least favorite for information and I would have liked it to be bigger in size. I would buy it again just for the illustrations and will use it with the other 2 books as a scrapbook/journal for my daughter. See my reviews of "This is Washington DC" and " The Kids Guild to Washington DC" 1 of 1 people found the following review helpful. Whether you are from D.C., or a visitor, this is a wonderful book to have! By RJR This is a really great little book! I love it! Usually I loan my tourist books out but I'm afraid I won't get this one back! It's so nicely illustrated and written! It focuses on the less known things there are to see in Washington, D.C., and they are right there under our noses! Really worth the money. If you enjoy finding out even the smallest of details and sights to see you will really enjoy this book.

A travel guide with character, this fact-filled keepsake offers all the history, beauty, charm, and culture of our nation's capital city. In eye-catching watercolors and detailed sketches, artist Diana Gessler captures the allure that makes Washington DC one of the most visited destinations in the country. In addition to the national landmarks, stirring memorials, and vibrant neighborhoods, there's the Cherry Blossom Festival, the Twilight Tattoo (a military pageant featuring the Old Guard Fife and Drum Corps and the U.S. Army Drill Team), colorful row houses, famous hotels and restaurants, and more museums than you'll be able to visit in just one trip. Gessler covers the city's most popular attractions but also heads off the beaten path to share hidden gems, like the quirky Albert Einstein Memorial and Eastern Market, where you can dine on bluebucks and browse for flea market finds. Also included are an index of sites and a useful appendix of addresses, Web sites, Metro stops, and phone numbers. *Very Washington DC* is a picture-perfect guidebook, a one-of-a-kind memento for tourists and a cherished reminder of the city's riches for those who have always lived in America's hometown.

Illustrator and author Diana Gessler captures the magnetism of the Nations Capital through use of vivid watercolors and detailed sketches. . . Her writing style is simple and fresh. . . *Very Washington, DC* is just as stunning as the city.--
