Susana Redondo : Vest Pocket Spanish (Cortina Language Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Vest Pocket Spanish (Cortina Language Series):

1 of 3 people found the following review helpful. This was a terrible excuse for a language aidBy R. SheppardI knew I was in trouble when I saw the Spanish translation for "Can you tell me where I can purchase flash bulbs?" And it went down hill from there. I immediately checked the original copyright and my suspicions were confirmed,1958, with a most recent copyright of 1986. While I am fully aware the basic language is the same, techniques in conversational travel languages have advanced. The question, "Who is the lady with whom I saw you last night?" (Pg 16) would rarely if ever be needed. I wouldn't weigh down my vest pocket with this book.6 of 6 people found the following review helpful. Good introduction to the language for touristsBy A CustomerThis is a good introduction to the language for those whose contact with Spanish speakers is limited to days or weeks rather than longer periods. Within that period, it is excellent, since you are unlikely to need more "sentence patterns" than it supplies. It is not designed to replace an academic course in the language. It is designed to give someone over the process of a few days a reasonably complete tour of most of the working parts of the language, designed for immediate use. If you're going on a trip to a Spanish speaking locale, this is a good buy!

This handy guide has everything you need for quick familiarity with Spanish: useful phrases, pronunciation guide, basic sentence patterns, grammar outline-- PLUS a bilingual dictionary with more than 4000 entries. Don't leave home without it!Key To Pronunciation: simplified spelling takes the mystery out of pronouncing new words, makes it easy

to start speaking right away. Basic Sentence Patterns: the "building blocks" for basic statements and questions. Everyday Conversations: situational phrases, questions and answers that travelers are most likely to need. Outline Of Grammar: clear concise explanations lead to rapid understanding and usability. Bilingual Dictionary: Over 4000 entries cover most frequent words, give helpful information for instant correct usage.
