**Vox : Vox Spanish Phrasebook And Dictionary** before purchasing it in order to gage whether or not it would be worth my time, and all praised Vox Spanish Phrasebook And Dictionary:

2 of 2 people found the following review helpful. Great little dictionaryBy rhycleI was surprised to see that this great little phrasebook and dictionary was given only 2 stars by another reviewer. It is our favorite. It has a much better dictionary than most phrasebooks and has some easy grammer in the front. I have found it more useful than the lonely planet edition and would highly recommend it because you don't have to carry a separate dictionary. Good luck in your travels and in speaking Spanish.0 of 2 people found the following review helpful. missing wordsBy Carmen Btax,
