**James Clark Ross : Voyage of Discovery and Research in the Southern and Antarctic Regions, Vol. 1 of 2: During the Years 1839 43 (Classic Reprint)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Voyage of Discovery and Research in the Southern and Antarctic Regions, Vol. 1 of 2:

During the Years 1839 43 (Classic Reprint):

Excerpt from Voyage of Discovery and Research in the Southern and Antarctic Regions, Vol. 1 of 2: During the Years 1839 43. That the Association considers it highly important that the deficiency, yet existing in our knowledge of terrestrial magnetism in the southern hemisphere, Should be supplied by observations of the magnetic direction 'and intensity, especially in the high southern latitudes between the meridians of New Holland and Cape Horn; and they desire strongly to recommend to Her Majesty's govern ment the appointment of a naval expedition ex pressly directed to that object.About the PublisherForgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com)This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
