From Phaidon Press : Wallpaper City Guide Dubai 2012 (Wallpaper City Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wallpaper City Guide Dubai 2012 (Wallpaper City Guides):

5 of 5 people found the following review helpful. Arrogant and bad travel writingBy Steven B MendesI was surprised to see how much negativity and arrogance was peppered throughout almost every listing. It's clear that the editor(s) do not think much of the city - but this book was not the appropriate vehicle to voice those surly thoughts. I got this book thinking I would be inspired - but instead was let down by the writers who clearly do not understand this city in its

place in modern times (which is quite interesting really). If you want an arrogant, London-centric, elitist perspective on Dubai, I suppose this book is for you. I myself returned this book promptly and decided to do my research on Reddit instead.
