Editors of Wallpaper Magazine : Wallpaper City Guide: Istanbul 2009 (Wallpaper City Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wallpaper City Guide: Istanbul 2009 (Wallpaper City Guides):

0 of 0 people found the following review helpful. For The Trendy SetBy Diego BanducciThis guide is written for those who wish to pursue the current fads in style. The problem, of course, is that fads, by definition, are constantly changing, so the book is outdated by the time it is published.At a more basic level, the book contains 128 pages, seven of which are for the reader's own notes. The hotels it recommends are all very expensive; you can put together a better

list by going to the New York Times Travel website, sorting by price (high to low), and looking at the most expensive ones. The same is true for restaurants. A far better guide to hotels, restaurants, shops, etc. is StyleCity Istanbul. The places it recommends are more interesting and are likely to be around a lot longer. There is also a Hedonist's Guide To Istanbul 1st Edition (A Hedonist's Guide to...), which I have not read, but appears to be aimed at the stylish set.

Wallpaper* City Guides are a ruthlessly-researched, design-conscious guide, for the discerning traveller who wants to come away with a true taste of the best a city has to offer.
